As we come off the first back to back 20%+ S&P 500 returns since 1997 and 1998, there is much to talk about in the investment world. These strong returns are great but there is so many ancillary topics that have meaningful impact as we look ahead to 2025.

- What will be the impact of the new administration?
- Is inflation a concern in 2025?
- Will there be further geo-political tensions?
- Will valuations matter again?
